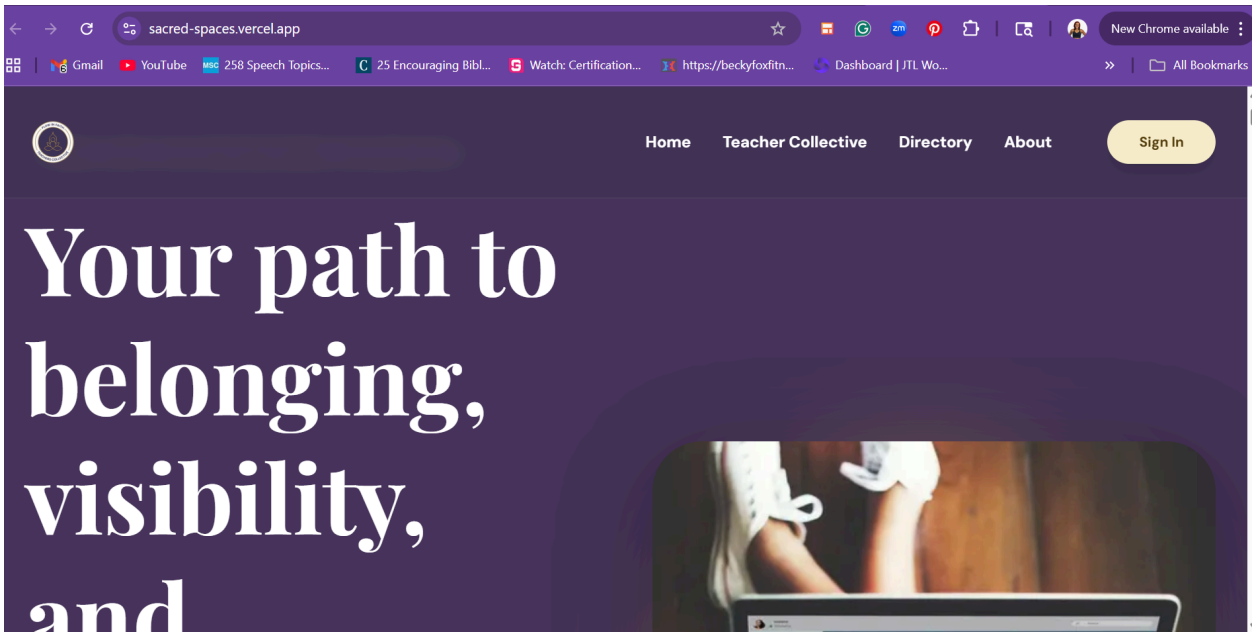
1. Page Structure & Content Placement

- All Teacher Collective–specific content should live on the Teacher Collective page, not the Home page.
- The Home page: Flow in Faith Home Page (I know we aren't here in the timeline yet)
- Make the font smaller so the first ¾ page you can see the full text
- Different image. Use this pic instead



2. Language & Messaging Updates

- Update phrasing everywhere from:
  - "Christian yoga teachers of color" to "Christ-Centered Yoga Teachers of Color"

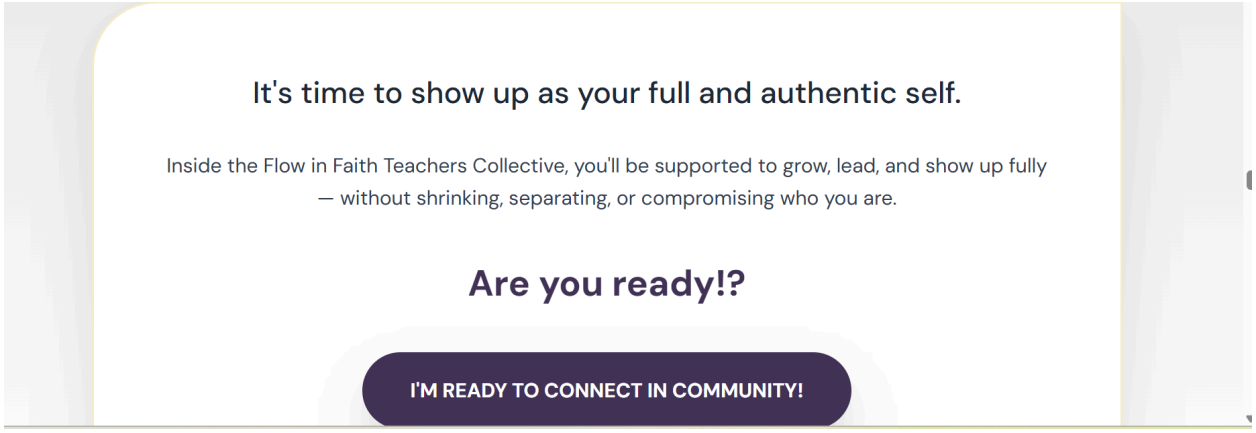
3. Navigation & Buttons

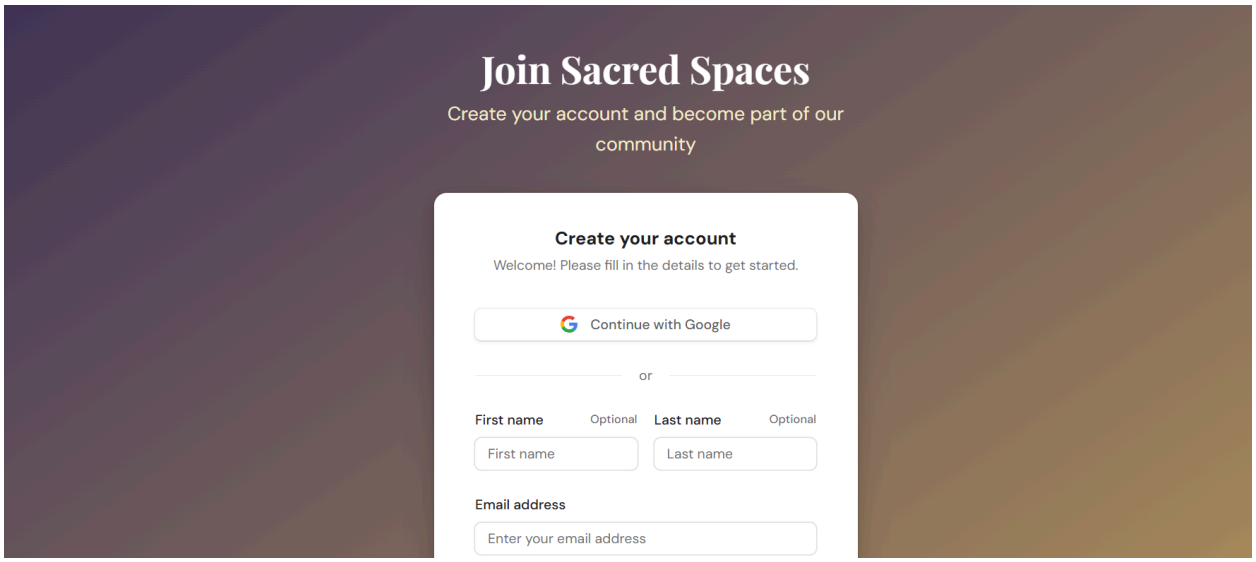
- Top navigation:
  - Keep only "Join Now"
  - Remove "Sign In" and "Learn More" from the header
  - Make all the buttons gold

4. Typography

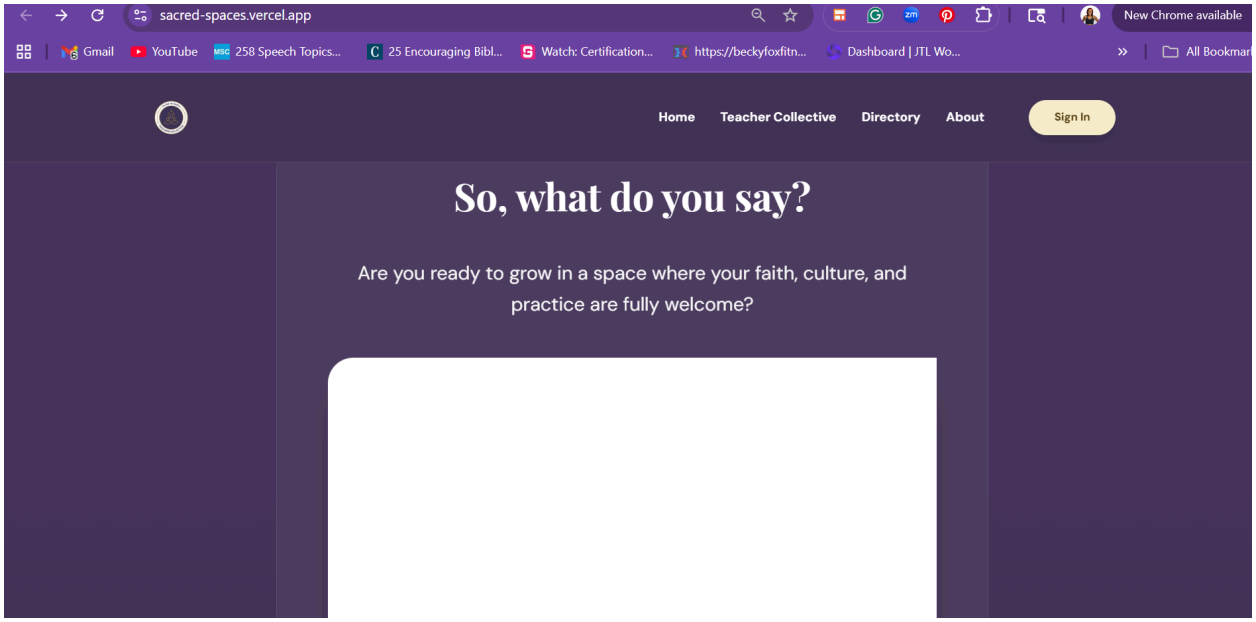
- Header text on desktop feels too large → reduce size slightly.
- Avoid ALL CAPS (I know this was in the copy. Sorry about that).
- Update font choice:
  - Prefer a clean sans-serif font

    - No decorative “tails”
- CTA text can be larger, but still clean and readable.
- Use same text throughout. This section seems to be a different font





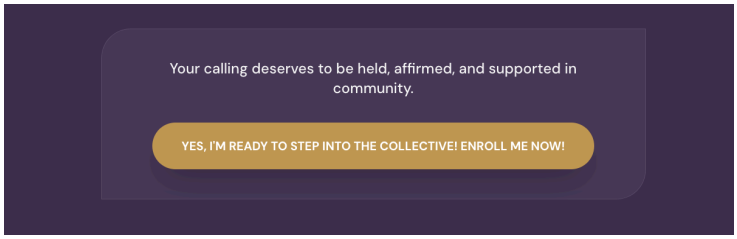
Should say“Join Teacher Collective”?



Looks like sometimes the form is not loading. I will check on that. Can the form take up the whole space and not in a box?

5. Color Feedback

- Avoid overlay purple on purple background



- Premium Opportunities section: Replace gold/yellow box background with Purple transitioning into white instead.

6. Images vs Emojis

- Remove emojis throughout.
- Use images instead of emojis wherever possible.
- There is an existing image folder:
    - Let me know if additional images are needed

7. Section-Specific Notes

- Premium / Membership Options:
    - Add the membership-options layout with pricing. Example

8. Images & Cropping

- Adjust Queen bio image cropping so head + hair/buns are fully visible

9. Application + Checkout Page

- All buttons should lead to Application
    - Embed Code: <div style="width:100%;height:500px;" data-fillout-id="e4pZwnuAkYus" data-fillout-embed-type="standard" data-fillout-inherit-parameters data-fillout-dynamic-resize> <script src="https://server.fillout.com/embed/v1/"></script>
- We have the option to redirect the applicants to a website once they complete the application. Can we create a checkout page?
    - If yes, it will simply have this Header Image. The rest of the page will be the membership options aside the Cart
        - **Embedded Cart:** <script async src="//tinder.thrivecart.com/embed/v2/thrivecart.js" id="tc-sacredspacesyoga-31-AAZHFZ"></script>

Collective Enrollment Flow Chart

- Click on CTA button on website
- Button takes you to Alignment Form
- Complete Alignment Form
- Sent to Checkout page with graphic of membership tiers and sales cart
- Purchase Membership
- Sent to page with Welcome video and form to “Create Account”
- Added to appropriate list in Mailerlite and Email Automation begins
